

National Call-in Day in Support of Vaccine Safety and Reform

On March 30th, please do the following:

- 1) [Contact President Trump](#) and say “Vaccine injuries are real and devastating. One in 68 children now has autism. Autism should be declared a national emergency and a higher priority. I support an independent vaccine safety commission.”
- 2) Contact your Senators and member of Congress (see below for contact information) and say “I want Congress to subpoena CDC whistleblower Dr. William Thompson and I support a vaccine safety commission.”
- 3) Lastly, [sign the petition](#) to President Trump asking him to implement comprehensive reforms of vaccine safety policies. (Please note that after you sign you will receive an email asking you to confirm your signature. Please confirm your signature or your signature will not be added.) March 31st is the last day to sign this petition and we must reach 100,000 signatures for the petition to reach President Trump.

Sample Script

If you are calling a Representative's office, you can say: "Hello. My name is _____ and I'm calling to ask Representative _____ to subpoena CDC whistleblower Dr. William Thompson. It has been more than two years since Dr. Thompson came forward and acknowledged that the Centers for Disease Control and Prevention (CDC) threw away scientific results that showed a connection between vaccines and autism. By colluding with the pharmaceutical industry, thousands, if not millions, of children have developed autism. One in 68 children now has autism. It is time for Dr. William Thompson to speak to the American people and for the leaders of the CDC to be prosecuted. Autism should be declared a national emergency and a higher priority."

**If you're leaving a message on an answering machine, provide your phone number or email address so that the office can get back to you.

**Don't be disappointed if you do not reach your member of congress directly. You will most likely talk to a receptionist or be asked to leave a voicemail. That is okay. All calls from constituents are tallied. The fact that you are their constituent and are taking the time to call is what it's all about.

**Once you've made your calls, we'd love to hear how it went, so please drop us a note at info@revolution4truth.org.
